MPL

Campus Ambassador

Worked with MPL student ambassador team as a college representative along with many other colleges to bring out the maximum possible networking and promotions for the MPL eSport games on all social media platforms

Delivered product demonstrations on campus to students, highlighting usability, features and USPs.

Projects

Portfolio Website: <https://kanishk-portfolio.vercel.app/>

Portfolio Website which includes a home, an 'about me' section, best of my projects and a downloadable resume section where one can view my CV.

Aqua Run: <https://nitish2101.itch.io/aqua-run>

An underwater themed game where one is supposed to collect fishes to get points and dodge the obstacles to lose points within a limited amount of time, accompanied by sound effects and themed music.

TinDog: <https://kanishkk19.github.io/SpotifyClone/>

Start up landing page for a fictional application named TinDog. TinDog allows the user to find other dogs & their owners nearby in the swipe left/right style made famous by Tinder.

SpotifyClone: <https://kanishkk19.github.io/SpotifyClone/>

A Spotify clone that features 10 different songs, has the features to play, pause, seek, forward and rewind the song, anytime, anywhere!
